

Who is Space Coast Early Intervention Center?

For 22 years, Space Coast Early Intervention Center has been a model community collaborative effort, providing innovative learning and therapeutic opportunities for pre-school children with and without disabilities. With unique inclusive programs and family support services, SCEIC is a nationally recognized non-profit pre-school serving Brevard County, Florida and beyond.

Early Intervention is a necessary step toward mainstreaming children with special needs such as Down Syndrome, Autism, Cerebral Palsy, and other developmental delays, into public and private school systems. Skills learned at the pre-school level provide the foundation allowing for a seamless transition into classrooms, the workforce and eventually to living an independent and satisfying lifestyle.
