

Space Coast Early Intervention Center Welcomes New Executive Director

Space Coast Early Intervention Center (SCEIC) has named Leslie Roth their new Executive Director. With more than 24 years of experience in non-profit management and fund development Roth is a creative and innovative leader. In her career, she has a proven to be accomplished in board and volunteer development, staff management, financial management and strategic planning. She has, developed and implemented comprehensive fund development programs with successes in special events, donor development, planned giving, major gifts, corporate and foundation giving, government grants and capital campaigns.

Upon accepting the position at Space Coast Early Intervention Center, Roth moved to Brevard from Broward County where she was the Executive Director of the American Diabetes Association of Southeast Florida. Before that, she was the CEO of the Girl Scouts of Broward County, Inc. Originally from New York, Roth has Masters Degree in Public Administration & Art from Long Island University and a Bachelors degree in English /Secondary Education from State University College at Courtland, NY. Her tenure in working for non-profit organizations also includes serving as Executive Director for Children and Adults with Attention Deficit Disorder (C.H.A.D.D.), and the American Lung Association.

“I am very pleased to join the SCEIC team,” said Roth. “The Center offers something very unique to this community because of the inclusive environment. SCEIC empowers all children and their families and that is exciting.” Leslie Roth is married and has a 21-year-old daughter. She has held CFRE status since 1992, she enjoys yoga and music and currently lives in Cocoa Beach.

SCEIC is a non-profit therapeutic preschool for children with and without special needs. SCEIC believes that children with and without developmental delays learning side-by-side allows all children to develop friendships, become leaders, role models, and learn acceptance and diversity.
